

DAMAGING YOUR TOAST WITH PRESSURE
STOP

GAMAJET®

THE GENTLEJET TOUGH ON **TARTRATES** GENTLE ON TOAST

Gamajet has custom engineered a barrel cleaning machine that obtains the optimal impact, without damaging a barrel's toast. This low pressure machine utilizes Gamajet's proven rotary impingement technology to gently scrub tartrates and other soils from the barrel interior. By limiting the impact within the barrel, the toast will remain as intended, providing a consistent flavor, while the lifetime of the barrel will be extended an additional 1-2 years. Best of all, the GentleJET does not require a pressure washer, meaning no costly repairs and maintenance fees. Therefore, making the GentleJET the ideal barrel cleaning machine for both Oak and stainless steel barrels.

STATE OF THE ART TECHNOLOGY: Proven to be the most effective and efficient barrel cleaning machine, offering 100% cleaning coverage with minimal use of water and time.

NON-DESTRUCTIVE: Operating at the low pressure of 60 psi, the GentleJET generates the optimal impact in order to clean, therefore leaving the toast in tact.

DURABLE: 3X the service life of any other barrel washer.

FAST, EASY TO USE, RELIABLE AND OZONE COMPATIBLE
NO PRESSURE WASHER REQUIRED

THE GENTLEJET

THE ULTIMATE BARREL CLEANING MACHINE

OPERATING RANGE

PRESSURE: 60 psi (4 bar)

FLOW RATE: 6 gpm (23 lpm)

TEMPERATURE: 140 to 200 F (60 to 95 C)

CLEANING RADIUS: 1.5' (.5 m)

CYCLE TIME: 1-2 minutes

IMPACT: 1lb (.5 kg)

DURABILITY: 800-1200 hrs

DIMENSIONS AND CONNECTIONS

HEIGHT: 12.75" (32.50 cm)

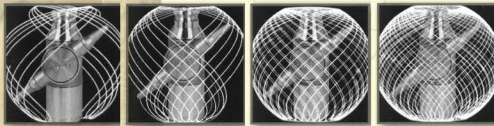

BODY DIAMETER: 1.70" (4.30 cm)

WEIGHT: 5.5 lbs (2.50 kg)

CLEARANCE: 2" (50 mm)

CONNECTION: 3/8" F-NPT

ACCESSORIES: Filter, Bi-Pod, Pump

ELIMINATE PRESSURE WASHERS FOR BARREL CLEANING

END THE PRESSURE WASHER MAINTENANCE MADNESS - ALL YOU NEED IS 60 PSI AND 6 GPM
